**Quota of 103 Registrants to Leave State Saturday—Milk and Cream Dealers Must Be Excused—Real Estate Sales—Long Service of Woman Post Office Clerk.**

A draft for one hundred and three registrants qualified in the mechanical line to leave Saturday for University Heights, N. Y., to take a special training course at New York University, has been announced. Those from State Division No. 1, are: Adrian R. Pierce, Jr., 129 Main street, Samuel C. Coombs, 56 Beach street, both of Westerly, and Fred Masterson of East Greenwich.

Captain George H. Webb, director of the draft for Rhode Island, states that the call for limited service men, wanted for spruce production branches of the army, so that physically fit men now engaged in this work, may be available for general service, has been received. It calls for 44 men from the state, as follows: 22 carpenters, to go June 15; 4 locomotive repair men, to go June 17; 9 steamfitters, to go June 18; 1 railroad track foreman, and one railroad grade foreman, to go June 19; and 27 laborers to go June 21. These men will be sent to Vancouver barracks in the state of Washington, to enter the aeronautic divisions, spruce production section, of the army. All must be registrants qualified only for limited and special service. In Rhode Island more than 300 volunteered, but only 44 are taken as called, among the volunteers were 32 clerks, although no call has been made for clerks as yet.

Notice has been received that all registrants who have been given exemption because of conscientious objections to war, are to be immediately placed in Class I, and sent to camp in their order as called, among the call that they are for non-combatant service. New pamphlets of rules and regulations governing physical examinations are being used and it is believed even further relaxation of medical requirements are specified.

John J. Dunn, of Westerly, secretary of the Rhode Island board of agriculture, gives notice that the new law will be in effect July 1, prohibiting milk and cream dealers from

## THIN PEOPLE SHOULD TAKE PHOSPHATE

**Nothing Like Plain Nitro-Phosphate to Put on Firm, Healthy Flesh and Increase Strength, Vigor and Nerve Force.**

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people heavy, developing arms, neck and bust, and placing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as nitro-phosphate, which is inexpensive and is sold by Lee & Osgood and many druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, nitro-phosphate quickly produces a welcome transformation in the appearance, the increase in weight frequently being astonishing.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear. Dull eyes become bright, and pale cheeks glow with the bloom of perfect health.

CAUTION: Although nitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh.

The no-arrest record for the present month will not continue to the week end, as there are warrants to be served for criminal offenses.

Westerly has its full quota of ministers who have retired from pastorates, but who respond to calls for marriages and funerals and the supply pulpits.

An unusual scene for Westerly was that of a joint group composed of a marine, a sailor, a soldier, and a constable, and a policeman, in conversation in Dixon square.

The longest service clerk in the Westerly post office is a woman. Since the selective service law became effective others have taken the civil service examination for clerkships. Three carriers have been mustered into the military service from the Westerly office, but no clerks.

A Pierce street shoemaker loaded his shop equipment into a covered wagon, for removal to Watch Hill, on Wednesday. The load was top heavy and in making the turn from Broad street, the pace of the horse was not slackened and the wagon was tipped partially over, landing on the side, with a pair of wheels spinning free. The horse escaped injury, and so did the two occupants of the wagon. The only damage was to the wagon and the bottled shoe polish.

### Fashion Indicates and Women Follow

This is surely a Summer of smart Blouses. It is rarely that we have seen or shown as many beautifully designed, or such smart and attractive Blouses, as we have now in stock. Price does not seem to hamper their beauty, for even the cheaper ones have a charm above the ordinary.

Of course they are simple, but a bit of lace, or of embroidery, an unusual collar design, or bit of ornamentation is introduced, and behold the simple waist is a creation.

**VOILE BLOUSES FROM \$1.00 TO \$3.48**

Some of them are slipon models—quite different—and all are extremely attractive and dainty.

**CREPE DE CHINE BLOUSES..... AS LOW AS \$3.69**

**BLOUSES OF GEORGETTE CREPE..... AS LOW AS \$5.98**

## Tub Skirts Which Are Really Washable and Very Pretty

These simple additions to the Summer wardrobe are inexpensive, and fill a most important place. With a fresh Blouse, and a well laundered Tub Skirt, one again has a clean, attractive costume, suitable for almost any time or place. Some very dainty ones are shown, in Gabardine, Pique, Tricotine, and a number of fancy novelties. All the various features of the latest styles are well represented.
